ABOUT
Young Professionals in Transportation (YPT) is an international 501(c)(6) nonprofit coalition of organizations, which helps professional development, fellowship, and networking for young professionals in the transportation field.

MISSION
YPT’s mission is to provide career guidance, fellowship, and networking opportunities for young professionals in the transportation field. We are the future of transportation.

Professional Development: A regular series of seminars, technical tours, and other opportunities from leading individuals or teams in transportation.

Fellowship: An ongoing forum for mutual support and interaction among young transportation professionals, especially for those starting their careers.

Networking: Networking events to help young professionals advance their careers and share innovative ideas.
Each year, Young Professionals in Transportation provides an Annual Report to highlight our many successes over the past twelve months. This document serves to celebrate the accomplishments of our Chapters and the organization as a whole. In 2018-2019, we experienced a significant increase in our Membership and have taken on several new members on our Board of Directors. YPT has pursued new outlets through its support of Transportation Camps across North America, and we’ve been crucial to the success of many professional development events - and a few fun events to boot, like our annual Young Professionals Reception at TRB.

We continue to give our Members a fun and unique opportunity to connect and celebrate their passion and innovation in the field of transportation like through our annual YPT Awards. Above all, the strength of YPT comes down to the people we meet and the connections we make. We look forward to working together this year and next to ensure these opportunities and successes continue. We are the future of transportation.

Sincerely,

Your YPT International Board of Directors
Supporting YPT shows a commitment to supporting the future of transportation. Our members are rising leaders in the transportation field and are employed in consulting firms, local government, and national transportation agencies across the continent. YPT relies heavily on financial support from private sponsors to keep membership costs reasonable for our young members, and we offer a wide range of attractive benefits to show our gratitude to sponsors. Sponsor benefits include displaying sponsor logos on our website, on all member email correspondence, and at international events; social media and email announcements promoting our sponsors; and unlimited job listings, to name a few. We can also discuss a custom benefit package or co-sponsorship with a local YPT chapter.

We are so appreciative of all of our International sponsors for their generous support over the past year. We couldn’t do it without you! This past year, YPT was fortunate to partner with a number of large and small companies and agencies. We are excited about the growing support! YPT relies heavily on our sponsors and our sponsorships allow us to keep our membership rates low for young professionals.

LET’S SHARE A RIDE! Have a portion of your sponsorship go towards a LOCAL chapter of your choice & have additional local benefits.

If your organization is interested in sponsoring YPT International, please contact: Gabi Kappes Director of Sponsorship Sponsorship@yptransportation.org
The 2018-2019 fiscal year was a successful one for YPT International. A continued trend of increased sponsorships and a strong membership base allowed YPT to end the year with a net profit, which boosted the net assets of the organization. This provides stability to the organization and will allow YPT International to increase its support of local chapters. As YPT grows, it continues to look for other ways to expand its revenue sources.

In addition to expanding its membership base and sponsorship levels, YPT continues to explore ways to extend its reach to other countries beyond the United States and Canada. In the year ahead, YPT will identify efficient ways to use its assets to support local chapters, as well as investigate capital expenditures to improve YPTs organizational structure. These could include improvements to YPT's membership database, online presence, and increased funds for local programs such as chapter exchange programs.

YPT is looking forward to successful years ahead, and is thankful to its generous sponsors, as well as the volunteers who perform the administrative duties while supporting its growth.
NET REVENUE

The numbers shown below are representative of the 2018 - 2019 YPT International Fiscal Year. The net revenue is a combination of both the total revenue and the total distributions.

61.70% Membership/Events

38.30% Sponsorships

DISTRIBUTIONS

Distributions equate for the amount of total chapter payouts, which are given quarterly throughout the year.

Chapter Payouts*

100%

*YPT International collects all membership dues and event fees from all chapters. YPT then distributes $15.00 of every $20.00 collected in membership dues, and a similar portion of event fees, back to the chapters and retains the balance. YPT International bears the full administrative cost of processing these transactions, including all paypal and credit card fees.
The numbers shown below are representative of the 2018-2019 YPT International Fiscal Year. The net income is a combination of the total revenue plus the total distributions and the total expenses. These numbers are representative of the 2018-2019 YPT International Fiscal Year.
The numbers shown below are representative of the 2018-2019 YPT International Fiscal Year. The net assets is a combination of both the total assets and the total liabilities. Assets Include our banking services. Liabilities Include chapter payouts.

**ASSETS**

- **Bank of America**: 79%
- **Wells Fargo**: 21%

**LIABILITIES**

- **3rd Qtr Chapter Payouts**: 40%
- **4th Qtr Chapter Payouts**: 60%
From 2018 - 2019 YPT International made more progress on expanding our communications. With that came the addition of a new Deputy Chair Board member, Jerome Horne. This new position has allowed us to focus on our external communication plan to engage our members through Facebook, Twitter, Instagram, and LinkedIn.

Another major increase can be found within our internal communications. One of the newest features from this has been the switch of our emails applications, from CiviCRM to MailChimp. With this switch we have been able to mainstream our communications to make sure everyone receives emails, and have grown from 700 to now 4,000+ subscribers to our monthly email blast that goes out at the beginning of the month. We have also been working hard on the backend with redesigning the user interface and theme of a new website via WordPress.
The role of Programs for the international board is to support local chapter and international events, such as happy hours, networking events and educational seminars. In addition, the Director of Programs looks for ways to increase the value members gain from the events that are held and expand the audiences reached through these events.

2018 – 2019 was a successful year of engaging events and new collaborative partners. This year we were honored to plan and host events across with these partners.

YPT International Programs sponsored 5 local chapter events in Philadelphia, Baltimore, Vancouver, DC, Chicago, totaling $1,050 in funding.
