Founded in 2008, the vision of Young Professionals in Transportation (YPT) is to become the preeminent professional development organization for emerging leaders in the transportation field.

YPT provides professional development, fellowship, and networking opportunities for young professionals in transportation.

YPT is rapidly expanding its membership and influence; since January 2014, YPT has added new chapters – including multiple international chapters – and has grown to 25 chapters across North America.

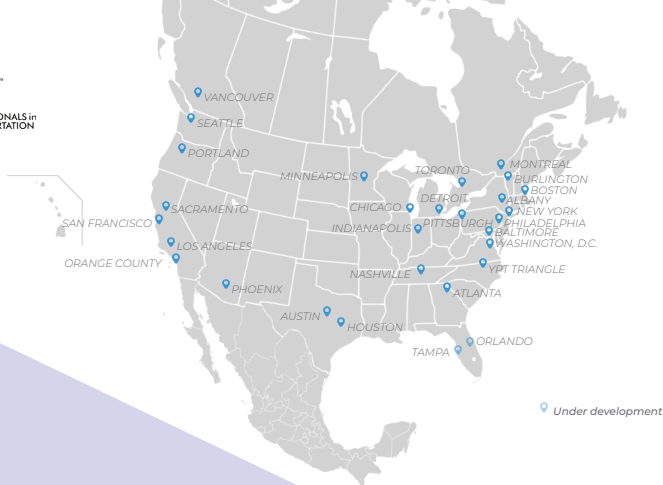

Our International board supports local chapters as they develop innovative programming and grow membership, as well as sustaining strong ties with national transportation agencies and organizations. YPT hosts events at international conferences such as TRB, and partners on learning opportunities and fun events through digital engagement.

Supporting YPT shows a commitment to supporting the future of transportation. Our members are rising leaders in the transportation field and are employed in consulting firms, local government, and national transportation agencies across the continent. YPT relies heavily on financial support from private sponsors to keep membership costs reasonable for our young members, and we offer a wide range of attractive benefits to show our gratitude to sponsors. Sponsor benefits include displaying sponsor logos on our website, on all member email correspondence, and at international events; social media and email announcements promoting our sponsors; and unlimited job listings, to name a few. We can also discuss a custom benefit package or co-sponsorship with a local YPT chapter.

Your generous support of our organization will ensure that you and your business will play a critical role in shaping a better transportation world for generations to come. YPT offers a number of exciting opportunities for you and your employees.

If you would like to discuss benefits of Sponsorship and how your company would like to get involved with YPT, please contact the Director of Sponsorship at sponsorship@yptransportation.org.

As a federally-recognized 501(c)(6) non-profit entity, contributions or gifts to YPT are not tax deductible as charitable contributions. However, they may be tax deductible as ordinary and necessary business expenses.
